What do we seek?

Vision

To be and to form contemplative and evangelizing communities of apostles, who see the world with the eyes and heart of Christ.

Creating a space where each person feels His love and fully lives their life as a vocation and response of love.

With firm hope and evangelical, apostolic discernment, we strive to plant and nurture the seeds of the Kingdom.

Courageously embracing a radical missionary approach to meet the challenges of changing times and to reach out to others at the crossroads of life.
